Things that Go

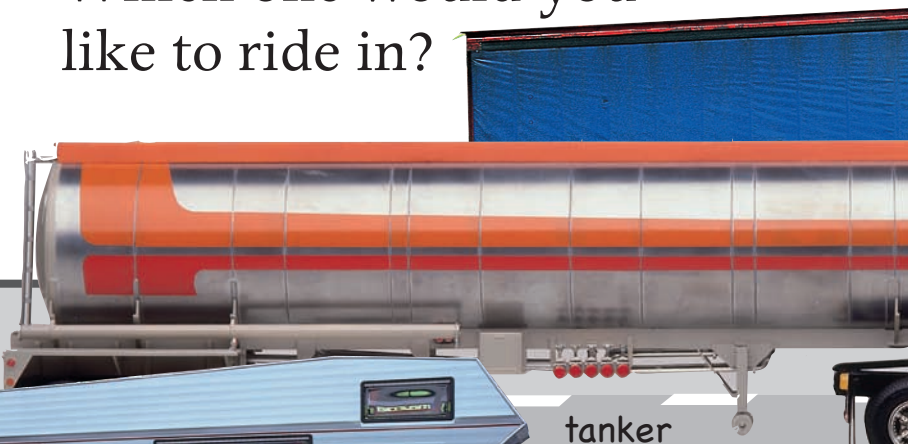

DK Publishing, Inc.

BLANK PAGE

On the road

Vroom! Vroom! Let's name
all the vehicles on the road.
Which one would you
like to ride in?

tanker

camper

honk!
honk!

truck

van

car

Car

Cars have four wheels and come in all shapes and sizes. Some can only hold two people. Some can hold seven, or even more.

hood

headlight

More cars

beep!
beep!

rear-view
mirror

wheel

SUV

race car

minivan

convertible

Truck

Trucks are big, strong vehicles that can carry heavy loads. Most things you see in stores were brought there by trucks. Can you make the noise of a big truck's engine?

I spy...

lights

wheels

rear-view
mirror

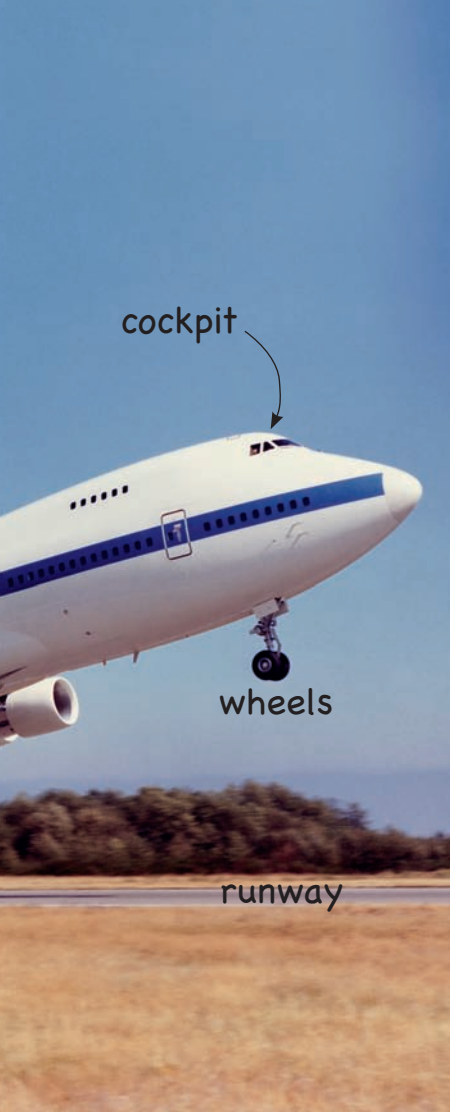

grill

In the air

A passenger plane speeds down the runway until it goes fast enough to take off. Powerful engines and big wings help lift it into the air.

cockpit

wheels

runway

More things
that fly

hot-air balloon

seaplane

hang glider

jet plane

Helicopter

Helicopters have long blades that spin around very fast. They don't need a runway to take off or land because the blades lift them straight up and down.

I spy...

blade

landing
skid

cockpit

tail

On the water

Big boats like this one are called cruise ships. They take people on long vacations called cruises. People sleep in cabins inside the ship.

More things that go on water

tugboat

canoe

fishing boat

jet ski

lifeboat

Sailboats

Sailboats move when the wind blows into their sails. Sailors can control the boats by moving the sails around. These sailboats are in the middle of a race!

I spy...

red sail

sailors

waves

green sail

Train

Clickety-clack! Clickety-clack! Trains travel very fast along special tracks. Some trains carry people from place to place. Others carry things like coal or food.

I spy...

track

lights

window

containers

Building site

Building sites are very busy places. Machines help dig holes and move heavy things around. They use big wheels or rolling tracks to move on the bumpy ground.

I spy...

cement
mixer

builder

front
bucket

crane

Building machine

Diggers have buckets with big teeth to break up the ground and carry it away.

A close-up photograph of a large yellow excavator bucket. The bucket is tilted upwards and is positioned over a pile of reddish-brown rocks. The bucket's surface is perforated with a grid of small holes. The excavator's arm and a large, treaded tire are visible in the background. The sky is a clear, bright blue.

bucket

teeth

builder

More building machines

backhoe loader

dump truck

cement mixer

roller

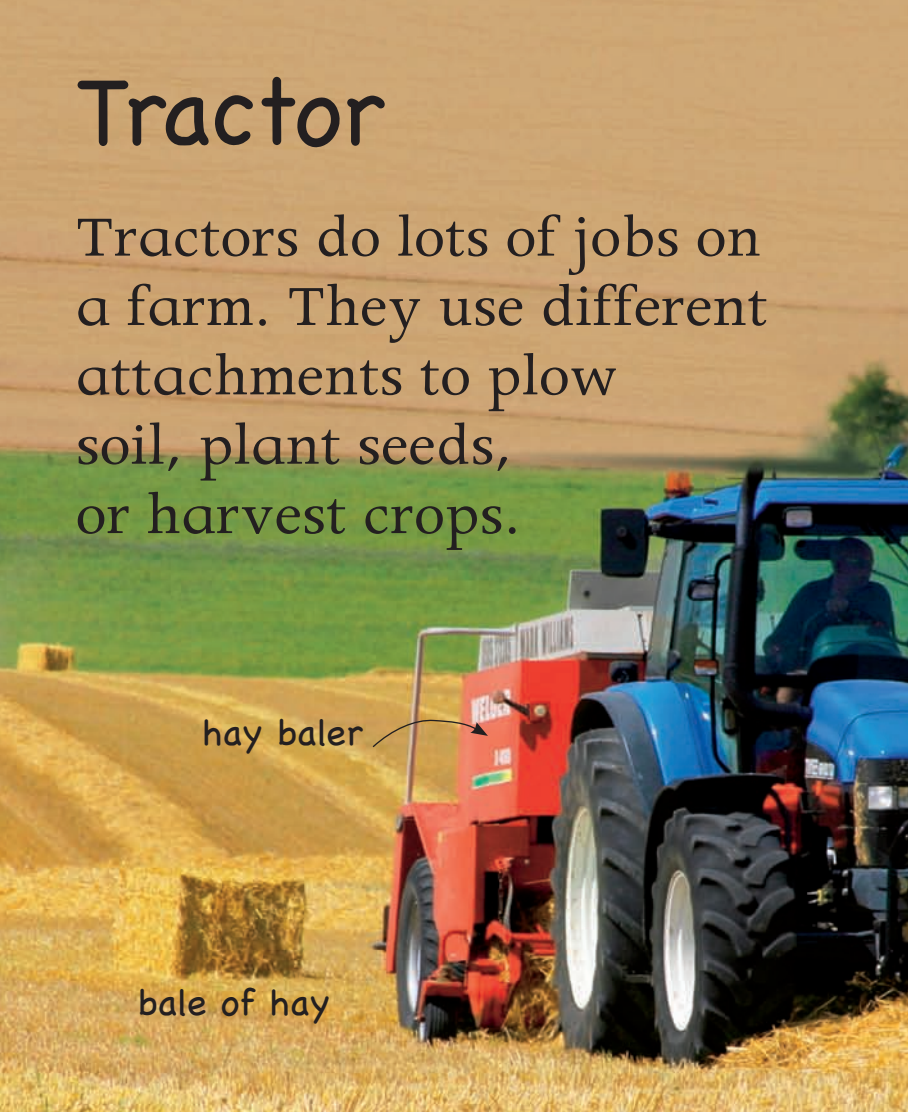

Tractor

Tractors do lots of jobs on a farm. They use different attachments to plow soil, plant seeds, or harvest crops.

hay baler

bale of hay

More farm vehicles

combine harvester

farm loader

all-terrain vehicle

baler

lights

Bicycle

This boy's bicycle has training wheels at the back to help him balance. He pushes the pedals around with his feet to make the bicycle go!

I spy...

helmet

pedal

handlebars

training
wheel

To the rescue

Waaail! Waaail! Rescue vehicles rush quickly to an emergency. This fire truck is going to put out a fire.

fire truck

ladder

More rescue vehicles

lifeboat

police car

police helicopter

ambulance

emergency lights

wheel

Space shuttle

10, 9, 8, 7, 6, 5, 4, 3, 2, 1,
LIFT-OFF! The space shuttle
is flying into space. The
people inside are called
astronauts. They control the
flight and do experiments.

I spy...

flight deck

wing

engines

rocket
booster

Wheel game

Vehicles have all kinds of wheels. Some are thick and chunky. Others are light and thin. Some are small and some are very, very big.

truck

race car

Can you
match each
vehicle to
its wheel?

plane

bicycle

Match up!

Look back through the book and see if you can find the vehicles that match the black shapes on the opposite page.

Try to match the boat and
race car pictures first!
