# All About Bugs

by Eric Michaels

This is a beetle.  
A beetle is a bug.  
Bugs have six legs.

This is an ant.  
Ants crawl on the ground.  
A little ant can carry  
a very big load.

This is a bee.  
It has six legs,  
and it has wings.  
Bees fly from  
flower to flower.

This is a grasshopper.  
A grasshopper has  
very strong legs.  
It can walk and hop.

This is a ladybug.  
It has red wings  
with black spots.  
It can crawl  
on a flower.  
Then it can fly away!

This is a firefly.  
It has wings.  
Fireflies glow in the dark.  
They blink on and off  
as they fly.

This is a walking stick.  
This bug is hard to see.  
It looks like a stick  
that can walk.

Where can you see bugs?  
Look up and down.  
Look for bugs that crawl  
or hop or fly!
